Staff Augmentation (T & M)

We will provide resources of defined capability. These resources will come with the capacity to start coding from the first week. They will be experienced and screened for the project nature. Clients can schedule an interview with them Or take a trial of 2 weeks. Once on-boarded clients need to take care of assigning tasks to them and they will participate in daily stand-ups and work as a part of the existing team. They will also be available in client communication tools like slack during working hours. Any concerns or performance issues will be immediately attended by us and resources will be replaced if necessary in a max of 2 weeks.

Project outsourcing (Fixed Bid)

We will take the standalone projects in a complete outsourcing model, where we will involve the product manager or business team from the client Side to draft requirements. Time and cost estimation will be shared based on the requirements. Also we will take commitment here to deliver the project.
